

With petrol prices shifting so regularly it's vital your outdoor digital signage isn't just highly visible, the information needs to be quick and easy to change too.

Our ultra- bright digital displays provide clear information from a distance. They are highly visible during the day and provide a beacon to motorists at night. ZAMTAS outdoor digital displays make your forecourt unmissable, literally driving business your way.

Features:

- Long Service Life, maintenance free.
- Easy to change prices by remote control or hand held wireless LCD control system.
